

AV MESSENGER

AV MESSENGER operates successfully in many countries and has been developed and proven by AgriVisual, who are experts in communications for Africa over 30 years. The system includes the latest digital equipment for maximum versatility and to take advantage of the digital communications revolution that is sweeping the world and transforming lives.

AV MESSENGER has been specially developed to take audio programmes to people in rural and urban areas.

AV MESSENGER provides:

- Powerful public address system with microphone and CD audio player for pre-recorded messages, radio and music
- CD audio programmes for rural and urban audiences
- MP3 player with USB
- Memory stick
- Conduit protected wiring loom
- Robust roof rack
- Roof-mounted horn speakers, fully protected for tropical conditions

AgriVisual mounts **AV MESSENGER** on the appropriate vehicle of your choice: car, station wagon or pickup truck.

FRONT COMPARTMENT

- Car radio/CD player with SD/MMC memory card reader and USB MP3 interface
- 20watt, 12volt power amplifier for public address on the move
- Hand-held microphone
- Memory stick
- MP3 player with USB
- CDs x 10
- Announcer's manual in the glove box

This equipment enables the driver/announcer to play pre-recorded audio files while **AV MESSENGER** is stationary or on the move.

The driver/announcer can speak to the audience and cut into:

- audio files
- CDs
- MP3 player
- Memory stick
- Live programmes from the radio

This equipment, mounted in the front compartment, is typically used to attract attention and encourage an audience to gather for major presentations.

Sound is relayed through heavy-duty speakers on the roof rack.

Roof-rack mounted:

- Fully protected 40watt horn speakers x 2. These provide maximum sound penetration with proven durability
- Fully protected and integrated wiring loom

The equipment has been specifically selected to meet the needs of the end-user based on AgriVisual country experience.

This publication is for international use and whilst AgriVisual Ltd takes the utmost care in ensuring that the details are correct, we are constantly striving for improvement and thereby reserve the right to alter model specifications and equipment without notice.
