

AV PRODUCER

Location Training
with **AV DRUM 21**

This course covers the basics of making digital products, such as video DVDs and audio CDs. Instructional training is given in the following skills:

- Script preparation
- Planning for shooting and editing of the programme
- Set-up procedures for the shooting and editing equipment
- Managing the studio and location work, including presenters and crew
- Recording procedures
- Editing procedures, including addition of voice-overs and music tracks
- Replication onto DVD, CD and other formats
- Archiving the programme using the HUB server
- Practical exercises in troubleshooting studio and location work

This publication is for international use and whilst AgriVisual Ltd takes the utmost care in ensuring that the details are correct, we are constantly striving for improvement and thereby reserve the right to alter specifications and equipment without notice.

AV PRODUCER is a trade product of AgriVisual
